Talimena

Talimena with Extra Window, 270° Awning, Front Cargo Box and Shower Enclosure

The Talimena (5x10) is our 2nd largest model available. With 2 Entry doors and Dinette, this is a popular model for campers that enjoy being outdoors but also enjoy a place to relax when the weather takes a turn.

Even-though the Talimena does not have a rear galley, the amount of storage allows one to store all the cooking gear and food they would need on any adventure.
